

# INERTIA IS MASS

People often use the word inertia without realizing it just means mass. It is not a force.

Match these up:

\_\_\_\_\_ 1. Large force on a small mass.

\_\_\_\_\_ 2. Large force on a large mass.

\_\_\_\_\_ 3. Small force on a small mass.

\_\_\_\_\_ 4. Small force on a large mass.

With these:

a. Rapid change in speed.

b. Moderate change in speed.

c. Gradual change in speed.
